

## EW: Win an AVNET MiniZed-single-core Zynq 7Z007S dev

https://www.mikrozone.sk/news.php?item.1304

One for both Design Engineers and hobbyists. It's the AVNET MiniZed-single-core Zynq 7Z007S development board. With the advent of the latest cost-optimized portfolio from Xilinx, this board targets entry-level Zynq All Programmable SoC developers with a low-cost prototyping platform.
