

Lattice: ispLEVER 8.0

https://www.mikrozone.sk/news.php?item.192

ispLEVER® 8.0 is now available. This software release includes a major update to the support of the LatticeECP3 FPGA family as well as powerful enhancements to the LatticeMico32 based solution. An updated version of Synopsys® Synplify Pro® for Lattice (C-2009.03L-1) and Aldec® Active-HDLTM Lattice Edition (8.2) are included in 8.0.
